YOUR FUTURE IS - - - - - -

IN YOUR HOME TOWN

We are privileged to live in a world of glorious opportunity. But, we also live in a world beset with problems and tremendous challenges. Someone has correctly described our new decade with the terse remark: "The Sixties, Years of Decision." We interpret that to mean that the world has matured to the extent that we will have to "make up our minds" one way or another about a lot of things. As a world we have to make up our minds in many divergent countries and viewpoints as to survival itself. As a nation, we have to decide our destiny in regards to many staggering problems. As a State, Virginia has many challenges. You do not stand still: you go forward or backward.

And the same applies to our County and Town of Appomattox. "Years of Decision" are words of fitful meaning. And, as much as it is our desire to see ALL of the world and ALL of America prosper in PEACE, one of the "Decisions" to be faced is: "What about APPOMATTOX?" Are not there many among us who would desire to help the entire world solve its problems, but who frankly realize that the best thing we can actually DO, is to make our OWN COMMUNITY STRONG! Most of us cannot go to the Congo, Laos, Cuba, Mosoow, etc, and settle their destiny. But most of us have something WE CAN AND SHOULD DO— and that is to upbuild our HOME COMMUNITY so that we will be STRONG in these "Years of Decision."

This is our thinking today, as we present this message. Will you not help APPOMATTOX grow and be STRONG for this fabulous decade!

We cannot all be ASTRONAUTS to fly into the vast world of Outer Space. BUT WE CAN BE THE BUILDERS OF A STRONG AMERICA BY BUILDING THE ECONOMY OF OUR HOME COMMUNITY. It adds up to:— Do Business in Appomattox whenever there is a choice: Try Appomattox first. Those listed on this page will HELP YOU!!

Vote To Sell Meters

NEWS REPORT OF TOWN MAYOR

To The Citizens of
The Town of Appomattox:

The regular meeting of the Town Council was held on Monday, May 15, at 7:30 P. M. in the Town Office. The regular order of business was transacted.

The Town Manager reported that all the new street signs had been received. The erection of these signs on new posts will begin immediately. All of the posts have a new coat of blue and grey paint.

It was decided that the Town will request the State Highway Department to include High Street and Maple Street in the Secondary Road System, beginning July 1, 1961.

The Council voted unanimously to sell the Parking Meters. The Mayor and Town Manager were authorized to get the best offer possible for the seventy-five meters, and give this report at the next meeting. My feeling is the same as it has always been toward Parking Meters. I feel that Parking Meters may have a place in some towns, but that Appomattox is not one of the towns that needs them. All of the Council members and your Mayor are very much interested in doing everything possible to increase the trading in our community, and at the same time try to keep a most harmonious feeling between all town and county citizens.

Let me take this opportunity to again congratulate all of you fine people for your efforts in making "The Clean-Up Week" a success. Should anyone have some trash or debris which they have not been able to move, I would appreciate you either calling the Town Manager or myself, and we will help in anyway possible.

Your counsel and advise on all public matters is welcomed at all times.

—Sincerely,

J. T. Moses, Jr.,
Mayor, Town of Appomattox.

"Wear a Poppy," an annual appeal from the American Legion Auxiliary, will be heard in Appomattox this coming May 28.

For more than 40 years Poppy Day has offered citizens of this country the opportunity to remember both the nation's war dead and disabled veterans. The poppy became immortalized in a poem by a Canadian soldier, Lt. Col. John McRae, entitled, "In Flanders Fields." Practically everyone is familiar with its opening lines: "In Flanders fields the poppies blow between the crosses row on row."

The poppy as a memorial to our servicemen's sacrifices for the cause of freedom dates back to the years following the first World War.

All of the red crepe paper memorial flowers ofered to the public . . . by volunteer workers are made by veterans in hospitals and recouperation centers throughout the nation. Poppies offered to the public in this area are made at the Kecoughtan Hospital.
